

SETTING THE BALL ROLLING

*The 4-Point Agenda for NiCare
(2024 - 2027)*

Sulayman Abu-bakr, MPH
ES/CEO, NiCare

April 2024

Outline

01

**NEW NIGER
agenda
alignment**

02

**Mandate of
NiCare**

03

**Guiding
principles of
our vision**

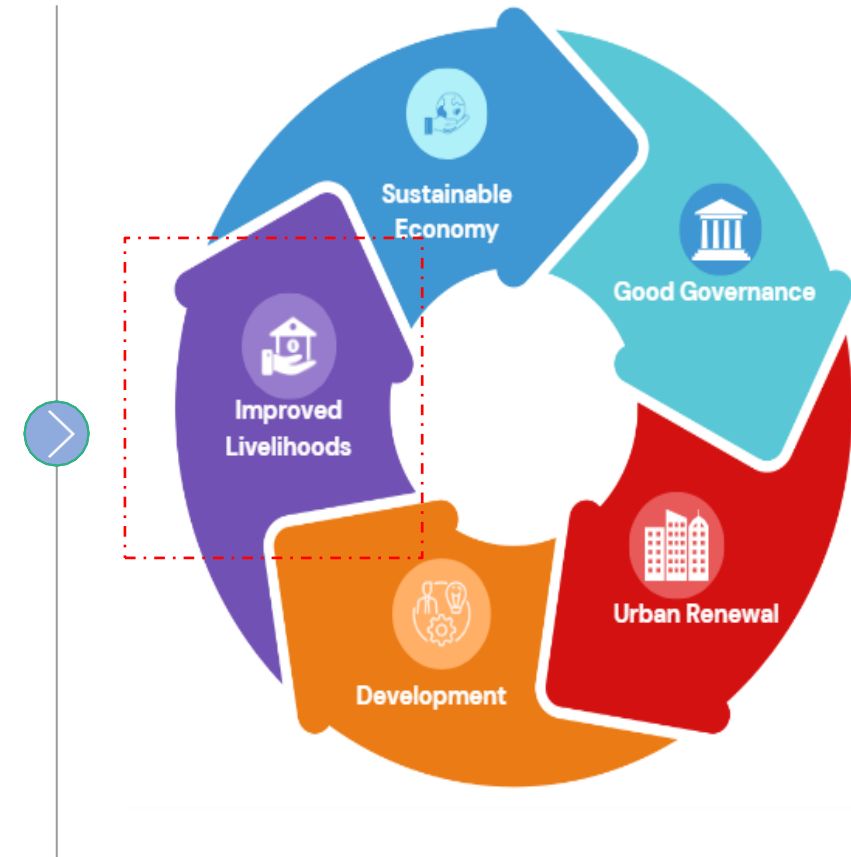

04

**The 4-point
agenda**

The NEW NIGER agenda of the Farmer Governor has clearly articulated the vision of improving Livelihood for the state

Directly inked with NiCare mandate

Our mandate is to ensure access to healthcare services for all the people of Niger

Purpose

Drive equitable access to basic minimum service package of healthcare that is qualitative and acceptable to consumers

Vision

A reliable scheme that ensures access to affordable quality healthcare to all the people of Niger State

NiCare's overall mission

To facilitate easy healthcare financing through pooling and judicious utilization of financial resources to provide **financial risk protection** and **cost burden sharing** for people against high cost of healthcare through **prepayment programmes**

The mandates of NiCare are

1

Ensure that every resident of Niger state has access to good healthcare services

2

Protect families from financial hardship of huge medical bills

3

Limit rise in the cost of healthcare services by ensuring equitable distribution of healthcare cost among different groups

Guiding principles of our vision

Four independent principles will anchor the strategic vision for NiCare

CLIENT-CENTERED

Healthcare services must resonate with the needs of the clients,

ACCOUNTABILITY

Taking ownership of actions and results while ensuring each party fulfils his/her obligations

EQUITABLE ACCESS TO BASIC HEALTHCARE SERVICES

All the people in Niger State irrespective of socioeconomic and demographic characteristics, and place of residence must have access to qualitative healthcare services that must satisfy their needs

FINANCIAL RISK PROTECTION

Ensuring that individuals and households are protected from the financial burden of accessing healthcare services

We will reform NiCare and reposition it as a vehicle that drive the implementation of our strategic initiatives

To achieve the mandate, the ES will lead NiCare transformation in four key areas.....

Strategic priorities

Vision

To position Niger Contributory Health Agency as the leading institution driving attainment of Universal Health Coverage in Niger State and improving livelihood for the residents of the state

Goals

Game changers to drive health insurance coverage in Niger to improve livelihood enshrined in the Chief Farmer's NEW NIGER agenda

1

Strengthening Institution

2

Rebrand corporate communication for enhanced visibility

3

Drive health insurance coverage up to 15%¹ by 2027

4

Digitalisation of health insurance system

1a

Reform organizational structure and top management team

1b

Upskill and motivate workforce to deliver on key initiatives

1c

Ensure availability of required resources for efficient delivery

2a

Leverage digital platforms and traditional media to amplify message and engage with the public

2b

Stimulate demands through community involvement and social responsibility initiatives

2c

Creating compelling brand narratives and awareness

2d

Improve sensitization and targeted advocacies

3a

Executive order to boost insurance enrolment

3b

Strengthen operations research and innovative insurance products tailored to the diverse needs of the population

3c

Collaborate with MDAs and healthcare providers to streamline insurance enrollment process

3d

Improve utilization of healthcare services

4a

Introduce comprehensive digitalisation strategy²

4b

Digitalisation of workflow in the organisation

4c

Interoperability with healthcare provider EMR systems and HMOs

Strategic Pillars

Enablers

Critical elements necessary to achieve the overarching goals

- Forging important partnerships and collaborations
- Instituting robust technology and data management systems
- Instituting performance management system for accountability

¹Realistic target will be set based on modelling that will be performed later

²Prioritizing online enrollment and self-service (tenable in mobile app), claims processing, and customer service

Thank You
